

Grant Report  
City of Clarksdale  
11/18 /2025  
Todd Throckmorton, Grant Manager

A. LWCF GRANT

The project will have to be started in 2026 and filed in 2026 for funding by 2027.

1. Key components are missing for this 2025 funding year. Scoring is too low to apply this year.
2. Continue gathering key information to ensure we meet all requirements in the application process and acquiring the grant funds.
3. I will continue to work with MOKAN, LWCF grant teams and our local city officials to provide the essential documentation needed for the highest possible scoring.

Available Funds

TGP GRANTS

\$3,555,820,797

B. GRANT FUNDING- a full list of available grants and funding can be found on the TGP website

1. Technology upgrades
2. Community recycling programs
3. Training for city staff
4. Community impact and education support
5. Community development for adults and youth sports and activities
6. Development of flood prevention or restoration of weather related damages
7. Plans to help improve nonprofit organizations or other areas within the city that are used by multiple groups.

In researching the grants available at this time. We can get funding for outreach programs like substance abuse and other safety programs for the youth of our city. Using the train car as a museum could also allow us more options with the national railroad association.
